

Carbonsafe carbon farming project – South Bulgaria

MONITORING REPORT

FOR REPORTING OF REMOVED GREENHOUSE GAS EMISSIONS CARBON DIOXIDE
(CO₂)

ANNEX I

PROJECT ID	CSBG-S
PROJECT TITLE	CARBONSAFE CARBON FARMING PROJECT – SOUTH BULGARIA
PROJECT START DATE	17.01.2023
MONITORING PERIOD	23.03.2024 – 15.05.2025
NUMBER OF PROJECT PARTICIPANTS (FARMS)	18
NET AMMOUNT OF GHG REMOVED CARBON DIOXIDE (CO ₂) (TON):	423 411
PROJECT DEVELOPER	CARBONSAFE
VERSION	2.0
DATE (DD/MM/YYYY)	10.07.2026

CONTENT:

SECTION I.	5
DETAILED PRESENTATION OF DATA FOR PROJECT VALIDATION AND VERIFICATION OF GREENHOUSE GAS CARBON DIOXIDE REMOVALS (CO₂)	5
I.1. PROJECT PARTICIPANT: EKOSYST AGRO EOOD/DABENSKA ETERICHNA KOMPANIA OOD/STOITSEV ARGO EOOD	5
I.1.1. Project participant data, Group farm: EKOSYST AGRO EOOD/DABENSKA ETERICHNA KOMPANIA OOD/STOITSEV ARGO EOOD CSBG-42SC-22/27-AGRI-1-2-3-GF	5
I.1.2. Project activity data: EKOSYST AGRO EOOD CSBG-42SC-22/27-AGRI-1-2-3-GF	8
I.1.3. Accompanying documents: EKOSYST AGRO EOOD CSBG-42SC-22/27-AGRI-1-2-3-GF	11
I.2. PROJECT PARTICIPANT: DABENSKA ETERICHNA KOMPANIA OOD	13
I.2.1. Project activity data: DABENSKA ETERICHNA KOMPANIA OOD CSBG-42SC-22/27-AGRI-1-2-3-GF	13
I.2.2. Accompanying documents: DABENSKA ETERICHNA KOMPANIA OOD CSBG-42SC-22/27-AGRI-1-2-3-GF	16
I.3. PROJECT PARTICIPANT: STOITSEV AGRO EOOD	17
I.3.1. Project activity data: STOITSEV AGRO EOOD CSBG-42SC-22/27-AGRI-1-2-3-GF	17
I.3.2. Accompanying documents: STOITSEV AGRO EOOD N°CSBG-42SC-22/27-AGRI-1-2-3-GF	20
SECTION II.	21
DETAILED PRESENTATION OF DATA FOR PROJECT VALIDATION AND VERIFICATION OF GREENHOUSE GAS CARBON DIOXIDE REMOVALS (CO₂)	21
II.1. PROJECT PARTICIPANT: RUSALOV OOD N° CSBG-42SC-22/27-AGRI-0011	21
II.1.1. Project participant data: RUSALOV OOD N° CSBG-42SC-22/27-AGRI-0011	21
II.1.2. Project activity data: RUSALOV OOD N° CSBG-42SC-22/27-AGRI-0011	23
II.1.3. Accompanying documents: RUSALOV OOD N° CSBG-42SC-22/27-AGRI-0011	26
DETAILED PRESENTATION OF DATA FOR PROJECT VALIDATION AND VERIFICATION OF GREENHOUSE GAS CARBON DIOXIDE REMOVALS (CO₂)	27
III.1. PROJECT PARTICIPANT: VUKI OOD N° CSBG-42SC-23/28-AGRI-0008	27
III.1.1. Project participant data: VUKI OOD N° CSBG-42SC-23/28-AGRI-0008	27
III.1.2. Project activity data: VUKI OOD N° CSBG-42SC-23/28-AGRI-0008	29
III.1.3. Accompanying documents: VUKI OOD N° CSBG-42SC-23/28-AGRI-0008	32
III.2. PROJECT PARTICIPANT: KURTEV GROUP OOD/ ET BG 21 - YORDAN KURTEV N° CSBG-42SC-23/28-AGRI-0013-GF	33
III.2.1. Project participant data: KURTEV GROUP OOD/ ET BG 21 - YORDAN KURTEV N° CSBG-42SC-23/28-AGRI-0013-GF	33
III.2.2. Project activity data: KURTEV GROUP OOD/ ET BG 21 - YORDAN KURTEV N° CSBG-42SC-23/28-AGRI-0013-GF	35
III.2.3. Accompanying documents: KURTEV GROUP OOD/ ET BG 21 - YORDAN KURTEV N° CSBG-42SC-23/28-AGRI-0013-GF	38
SECTION IV.	39
DETAILED PRESENTATION OF DATA FOR PROJECT VALIDATION AND VERIFICATION OF GREENHOUSE GAS CARBON DIOXIDE REMOVALS (CO₂)	39
IV.1. PARTICIPANT IN THE PROJECT: PROIZVODITEL YOTIN EOOD	39
IV.1.1. PROJECT PARTICIPANT DATA: PROIZVODITEL YOTIN EOOD N° CSBG-41SW-22/27-AGRI-0006	39
I.1.2. Project activity data: PROIZVODITEL YOTIN EOOD N° CSBG-41SW-22/27-AGRI-0006	41
IV.1.3. ACCOMPANYING DOCUMENTS: PROIZVODITEL YOTIN EOOD N° CSBG-41SW-22/27-AGRI-0006	44
IV.2. PROJECT PARTICIPANT: ZP NASTYA STOYANOVA YOTINA	46
IV.2.1. PROJECT PARTICIPANT DATA: ZP NASTYA STOYANOVA YOTINA N° CSBG-41SW-22/27-AGRI-0007	46
IV.2.2. Project activity data: ZP NASTYA STOYANOVA YOTINA N° CSBG-41SW-22/27-AGRI-	

0007	48
IV.2.3. Accompanying documents: ZP NASTYA STOYANOVA YOTINA N° CSBG-41SW-22/27-AGRI-0007.....	51
IV.3. PROJECT PARTICIPANT: ZP BORIS EMILOV YOTIN	53
IV.3.1. Project participant data: ZP BORIS EMILOV YOTIN N° CSBG-41SW-22/27-AGRI-0008	53
IV.3.2. Project activity data: ZP BORIS EMILOV YOTIN N° CSBG-41SW-22/27-AGRI-0008	55
IV.3.3. Accompanying documents: ZP BORIS EMILOV YOTIN N° CSBG-41SW-22/27-AGRI-0008	58
SECTION V.....	60
DETAILED PRESENTATION OF DATA FOR PROJECT VALIDATION AND VERIFICATION OF REMOVAL OF THE GREENHOUSE GAS CARBON DIOXIDE (CO ₂).....	60
V.1. PROJECT PARTICIPANT: AGROTRADE EOOD N° CSBG-34SE-22/27-AGRI-0010	60
V.1.1. Project participant data: AGROTRADE EOOD N° CSBG-34SE-22/27-AGRI-0010	60
V.1.2. Project activity data: AGROTRADE EOOD N° CSBG-34SE-22/27-AGRI-0010	62
V.1.3. Accompanying documents: AGROTRADE EOOD N° CSBG-34SE-22/27-AGRI-0010	65
V.2.1. Project participant data: INSEKTA-2000 OOD N° CSBG-34SE-22/27-AGRI-0013	66
V.2.2. Project activity data: INSEKTA-2000 OOD N° CSBG-34SE-22/27-AGRI-0013.....	68
V.2.3. Accompanying documents: INSEKTA-2000 OOD N° CSBG-34SE-22/27-AGRI-0013	71
V.3. PROJECT PARTICIPANT: ET AGROINS-DIMKA MARINOVA N° CSBG-34SE-22/27-AGRI-0014	72
V.3.1. Project participant data: ET AGROINS-DIMKA MARINOVA N° CSBG-34SE-22/27-AGRI-0014	72
V.3.2. Project activity data: ET AGROINS-DIMKA MARINOVA N° CSBG-34SE-22/27-AGRI-0014	74
V.3.3. Accompanying documents: ET AGROINS-DIMKA MARINOVA N° CSBG-34SE-22/27-AGRI-0014.....	77
SECTION VI.	78
DETAILED PRESENTATION OF DATA FOR PROJECT VALIDATION AND VERIFICATION OF REMOVAL OF THE GREENHOUSE GAS CARBON DIOXIDE (CO ₂).....	78
VI.1. PROJECT PARTICIPANT: ET STOZHER - STOYAN STOYANOV N° CSBG-34SE-23/28-AGRI-0009	78
VI.1.1. Project participant data: ET STOZHER - STOYAN STOYANOV N° CSBG-34SE-23/28-AGRI-0009.....	78
VI.1.2. Project activity data: ET STOZHER - STOYAN STOYANOV N° CSBG-34SE-23/28-AGRI-0009	80
VI.1.3. Accompanying documents: ET STOZHER - STOYAN STOYANOV N° CSBG-34SE-23/28-AGRI-0009.....	83
SECTION VII.	84
DETAILED PRESENTATION OF DATA FOR PROJECT VALIDATION AND VERIFICATION OF REMOVAL OF THE GREENHOUSE GAS CARBON DIOXIDE (CO ₂).....	84
VII.1. PROJECT PARTICIPANT: SORTOVI SEMENA-BURGAS OOD N° CSBG-34SE-22/27-AGRI-0016	84
VII.1.1. Project participant data: SORTOVI SEMENA-BURGAS OOD N° CSBG-34SE-22/27-AGRI-0016	84
VII.1.2. Project activity data: SORTOVI SEMENA-BURGAS OOD N° CSBG-34SE-22/27-AGRI-0016	86
VII.1.3. Accompanying documents: SORTOVI SEMENA-BURGAS OOD N° CSBG-34SE-22/27-AGRI-0016.....	89
SECTION VIII.	90
DETAILED PRESENTATION OF DATA FOR PROJECT VALIDATION AND VERIFICATION OF REMOVAL OF THE GREENHOUSE GAS CARBON DIOXIDE (CO ₂).....	90
VIII.1. PROJECT PARTICIPANT: KRIS-MARI-2008 OOD N° CSBG-34SE-23/28-AGRI-0005.....	90
VIII.1.1. Project participant data: KRIS-MARI-2008 OOD N° CSBG-34SE-23/28-AGRI-0005	90
VIII.1.2. Project activity data: KRIS-MARI-2008 OOD N° CSBG-34SE-23/28-AGRI-0005	92
VIII.1.3. Accompanying documents: KRIS-MARI-2008 OOD N° CSBG-34SE-23/28-AGRI-0005	95
VIII.2. PROJECT PARTICIPANT: AGRARIKA 2022 EOOD N° CSBG-34SE-23/28-AGRI-0001	96
VIII.2.1. Project participant data: AGRARIKA 2022 EOOD N° CSBG-34SE-23/28-AGRI-0001	96
VIII.2.2. Project activity data: AGRARIKA 2022 EOOD N° CSBG-34SE-23/28-AGRI-0001	98

VIII.2.3. Accompanying documents: AGRARIKA 2022 EOOD N° CSBG-34SE-23/28-AGRI-0001	102
VIII.3. PROJECT PARTICIPANT: AGRINK EOOD N° CSBG-34SE-23/28-AGRI-0002	103
VIII.3.1. Project participant data: AGRINK EOOD N° CSBG-34SE-23/28-AGRI-0002.....	103
VIII.3.2. Project activity data: AGRINK EOOD N° CSBG-34SE-23/28-AGRI-0002.....	105
VIII.3.3. Accompanying documents: AGRINK EOOD N° CSBG-34SE-23/28-AGRI-0002.....	108
VIII.4. PROJECT PARTICIPANT: AGROLAND 7 EOOD N° CSBG-34SE-23/28-AGRI-0003	109
VIII.4.1. Project participant data: AGROLAND 7 EOOD N° CSBG-34SE-23/28-AGRI-0003	109
VIII.4.2. Project activity data: AGROLAND 7 EOOD N° CSBG-34SE-23/28-AGRI-0003	111
VIII.4.3. Accompanying documents: AGROLAND 7 EOOD N° CSBG-34SE-23/28-AGRI-0003	114
VIII.5. PROJECT PARTICIPANT: AGROTERRA EOOD N° CSBG-34SE-23/28-AGRI-0004	115
VIII.5.1. Project participant data: AGROTERRA EOOD N° CSBG-34SE-23/28-AGRI-0004.....	115
VIII.5.2. Project activity data: AGROTERRA EOOD N° CSBG-34SE-23/28-AGRI-0004	117
VIII.5.3. Accompanying documents: AGROTERRA EOOD N° CSBG-34SE-23/28-AGRI-0004.....	120
VIII.6. PROJECT PARTICIPANT: ZKPU MAGLEN N° CSBG-34SE-23/28-AGRI-0011	121
VIII.6.1. Project participant data: ZKPU MAGLEN N° CSBG-34SE-23/28-AGRI-0011	121
VIII.6.2. Project activity data: ZKPU MAGLEN N° CSBG-34SE-23/28-AGRI-0011	123
VIII.6.3. Accompanying documents: ZKPU MAGLEN N° CSBG-34SE-23/28-AGRI-0011	125

SECTION I.

DETAILED PRESENTATION OF DATA FOR PROJECT VALIDATION AND VERIFICATION OF GREENHOUSE GAS CARBON DIOXIDE REMOVALS (CO₂)

I.1. Project participant: EKOSYST AGRO EOOD/DABENSKA ETERICHNA KOMPANIA OOD/STOITSEV ARGO EOOD

I.1.1. Project participant data, Group farm: EKOSYST AGRO EOOD/DABENSKA ETERICHNA KOMPANIA OOD/STOITSEV ARGO EOOD CSBG-42SC-22/27-AGRI-1-2-3-GF

PARTICIPANT DATA	
Name:	EKOSYST AGRO EOOD
UIC/Bulstat:	203457757
Phone:	+359878676454
E-mail:	nikolov@ecosyst.bg
Name:	DABENSKA ETERICHNA KOMPANIA OOD
UIC/Bulstat:	204679198
Phone:	+359878676454
E-mail:	dabetco@gmail.com
Name:	STOITSEV AGRO EOOD
UIC/Bulstat:	204556854
Phone:	+359878676454
E-mail:	nikolov@ecosyst.bg
PROJECT DATA	
Project participant ID:	CSBG-42SC-22/27-AGRI-1-2-3-GF
Project participant No/date of contract (dd.mm.yy):	CSBG-42SC-22/27-AGRI-1-2-3-GF /17.01.23
Gross amount of removed GHG emissions carbon dioxide CO ₂ (t CO ₂)	7 720
Uncertainty deduction (20,70 % of Gross amount of removed GHG emissions carbon dioxide t CO ₂ eq)	1 599
N ₂ O emissions from mineral fertilizers (t CO ₂ eq)	15
Total fuel consumption (t CO ₂ eq)	40
Emissions from leakage (t CO ₂ eq)	0

Adjustments to reduce removals from GHG (t CO2 eq)	0
Net ammount of GHG removed carbon dioxide (t CO2 eq)	6 066
Total Buffer allocation (5% from Net ammount of GHG removed carbon dioxide (t CO2 eq))	303
Issuable this cycle (25% from Net ammount of GHG removed carbon dioxide (t CO2 eq))	1 515
Retained in sub-project reserve (75% from Net ammount of GHG removed carbon dioxide (t CO2 eq))	4 551
Buffer allocated in this cycle (5% from Issuable this cycle)	75
Total surveyed areas in ha:	182,75
Total areas for the reporting period in ha:	182,75
See document:	S-25.04.25-PR0205-ER calculation_SOC_v3.1_ECOSYST-DABENSKA-STOITSEV_recap
Location	Dabene village

METHODOLOGY DATA

Methodology	METHODOLOGY FOR IMPROVING AND REPORTING THE LEVEL OF SEQUESTERED CARBON IN THE SOIL IN THE AGRICULTURAL SECTOR
Methodology Code	CSBG-AGRI
Registration	Balkan Carbon Credits Standard (BCCS)
Version	3.1/22.08.25
Sector	15-Agriculture
Documents	Contract No: MET.VAL.22.25/16.12.2022. Validation Report MET.VAL.22.25/20.06.2023.
Authorized Validation Body	Earthood Service Private Limited
Sub-project crediting period	18.01.2023 – 02.02.2028
Sub-project start date	18.01.2023
Reporting Period from	23.03.2024
Reporting Period to	15.05.2025

PROJECT DEVELOPER DATA

Name:	CARBONSAFE JSC
Registration date:	17.11.2022
UIC/BULSTAT:	207162188
VAT No.	BG207162188
Conversion date:	19.03.2025
UIC/BULSTAT:	208222962
VAT No.	BG208222962

I.1.2. Project activity data: EKOSYST AGRO EOOD CSBG-42SC-22/27-AGRI-1-2-3-GF

Nº	Description	Details
1.	The agricultural holding is located in the South-Central region of Bulgaria. Dabene village, Karlovo municipality, Plovdiv region. During the reporting period, the holding grew the following crops: lavender, alfalfa, sunflower, oil-bearing rose, wheat and triticales	The agricultural holding is registered in the Register of Farmers at the Ministry of Agriculture with the Agricultural producers code 274882. The agricultural holding is registered in the Commercial Register at the Registry Agency with the UIC 203457757.
2.	Monitoring report from on-site inspection - general assessment, conclusions and recommendations 25.01.20-PR0107-Monitoring report from on-the-spot inspection_v1_22.06.23-ECOSYST_DABENSKA_STOITSEV	The agricultural practices set out in the individual strategy are implemented on the areas participating in the program. The farm has the opportunity to supplement the practices. It is recommended to work towards ensuring year-round soil cover on the areas participating in the program with annual crops (intermediate and/or cover crops). The use of organic fertilizers, soil improvers and biostimulants is recommended in order to improve soil health and fertility.
3.	Annual/Periodic Report year of the project 2nd and calendar year 24/25 - general assessment, conclusions and recommendations 25.05.12-PR0211-Annual_Periodic Report_v2_22.10.24-ECOSYST_DABENSKA_STOITSEV	1. The farm has the potential to continue implementing the project. 2. The farm is subject to monitoring for the next reporting period. 3. The farm is subject to the issuance of credits for the current reporting period.

10. Annual report – (see file: 25.05.12-PR0211-Annual_Periodic Report_v2_22.10.24-ECOSYST_DABENSKA_STOITSEV)

Note on sub-project History:

The group farm (Ecosyst Agro EOOD, Dabenska Eterichna Kompania OOD, Stoitsev Agro EOOD) was validated under a separate Carbonsafe PDD and received verification by Earthood Services Private Limited. Credits corresponding to the first control year (2023–2024) were issued under the Balkan Carbon Credit Registry (BCCR).

The present Monitoring Report refers to the second control year (2024–2025), with removals calculated and reported in accordance with the PDD project ID CSBG-BG-S and the CSBG-AGRI

methodology (v3.1/22.08.2025).

Reference: Validation under PDD project ID: CSBG-22/27- AGRI, version 1.3, Validation Report CS.VAL.24.11/ 03-October-2024. Verified credits from the first control year were issued under BCCR ID BCCR-00004-CSBG-42SC-22/27-AGRI-1-2-3-GF.

I.2. Project participant: DABENSKA ETERICHNA KOMPANIA OOD

I.2.1. Project activity data: DABENSKA ETERICHNA KOMPANIA OOD CSBG-42SC-22/27-AGRI-1-2-3-GF

Nº	Description	Details
1.	The agricultural holding is located in the South-Central region of Bulgaria. Dabene village, Karlovo municipality, Plovdiv region. During the reporting period, the holding grew the following crops: alfalfa, sunflower, triticale.	The agricultural holding is registered in the Register of Farmers at the Ministry of Agriculture with the Agricultural producers code 323455. The agricultural holding is registered in the Commercial Register at the Registry Agency with the UIC 204556854.
2.	Monitoring report from on-site inspection - general assessment, conclusions and recommendations. 25.01.20-PR0107-Monitoring report from on-the-spot inspection_v1_22.06.23-ECOSYST_DABENSKA_STOITSEV	The agricultural practices set out in the individual strategy are implemented on the areas participating in the program. The farm has the opportunity to supplement the practices. It is recommended to work towards ensuring year-round soil cover on the areas participating in the program with annual crops (intermediate and/or cover crops). The use of organic fertilizers, soil improvers and biostimulants is recommended in order to improve soil health and fertility.
3.	Annual/Periodic Report year of the project 2nd and calendar year 24/25 - general assessment, conclusions and recommendations. 25.05.12-PR0211-Annual_Periodic Report_v2_22.10.24-ECOSYST_DABENSKA_STOITSEV	1. II.1.2. Project activity data: RUSALOV OOD № CSBG-42SC-22/27-AGRI-0011

Nº	Description	Details
1.	The agricultural holding is located in the South-Central region of Bulgaria. Trud village, Maritsa municipality and Plovdiv city, Plovdiv region. During the reporting period, the holding grew the following crops: winter peas, winter barley, winter soft wheat, chickpeas, winter rapeseed, sunflower, durum wheat and corn for grain.	The agricultural holding is registered in the Register of Farmers at the Ministry of Agriculture with the Agricultural producers code 1456 The agricultural holding is registered in the Commercial Register at the Registry Agency with the UIC 115797898
2.	Monitoring report from on-site inspection - general assessment, conclusions and recommendations. 24.11.20-PR0107-Monitoring report from on-the-spot inspection_v1_22.06.23_RUSALOV OOD	The agricultural practices set out in the individual strategy are implemented on the areas participating in the program. The farm has the opportunity to supplement the practices. It is recommended to work towards ensuring year-round soil cover on the areas participating in the program with annual crops (intermediate and/or cover crops). The use of organic fertilizers, soil improvers and biostimulants is recommended in order to improve soil health and fertility.
3.	Annual/periodic report for the first year of the project - general assessment, conclusions and recommendations. 25.05.05-PR0211-Annual periodic report_v2_22.10.24_RUSALOV OOD	1. The farm has the potential to continue implementing the project. 2. The farm is subject to monitoring for the next reporting period. 3. The farm is subject to the issuance of credits for the current reporting period.

I.1.2. Project activity data: PROIZVODITEL YOTIN EOOD N° CSBG-41SW-22/27-AGRI-0006

No. in row	Description	Details
1.	The agricultural holding is located in the Southwestern region of Bulgaria, in the villages of Benkovski, Mirkovo, and Smolsko, Mirkovo Municipality, Sofia Province. During the reporting period, the farm cultivated barley, triticale, wheat, and sunflower.	The agricultural holding is registered in the Register of Farmers at the Ministry of Agriculture with the Agricultural producers code 338077. The agricultural holding is registered in the Commercial Register at the Registry Agency with the UIC 207021636.
2.	Monitoring report from on-the-spot inspection - General evaluation, conclusions and recommendations. 25.01.29-PR0107-Monitoring report from on-the-spot inspection_v1_22.06.23_PROIZVODITEL YOTIN EOOD	Efforts should be directed toward increasing the amount of plant residues used as mulching cover. More aggressive soil tillage operations should be scheduled as close as possible to the establishment of the new crop. It is recommended to work toward ensuring year-round soil cover on the areas participating in the program by using annual crops (intermediate and/or cover crops). The use of organic fertilizers, soil conditioners, and biostimulants is recommended in order to improve soil health and fertility. The overall assessment is that the farm follows the practices prescribed in the individual strategy, with some exceptions.
3.	Annual/Periodic Report year of the project 2nd and calendar year 24/25- General evaluation, conclusions and recommendations. 25.06.11-PR0211-Annual_Periodic Report_v2_22.10.24_PROIZVODITEL YOTIN EOOD	1. The farm has the potential to continue implementing the project. 2. The farm is subject to monitoring for the next reporting period. 3. The farm is subject to the issuance of credits for the current reporting period.

		4. The farm has 9 fields, of which agronomic recommendations have been issued for 5. For the remaining 4 fields, the agronomic recommendations will be provided after the harvest, as per the client's request.
4.	Photo material of participating areas - software	
5.	Screenshots from specialized software ISACO2 – areas 2023/2024	
6.	 The screenshot displays the ISACO2 software interface. On the left, there's a sidebar with a circular progress indicator and various icons for field management. The main area shows a detailed view of a field with a bar chart representing 'Настройка на индекс' (Index setting) and a line graph for 'Полево растение' (Field crop). On the right, there's a satellite map of the field with various labels and a sidebar with filters and a list of fields.

Note on sub-project History:

The farm PROIZVODITEL YOTIN EOOD was validated under a separate Carbonsafe PDD and received verification by Earthood Services Private Limited. Credits corresponding to the first control year (2023–2024) were issued under the Balkan Carbon Credit Registry (BCCR).

The present Monitoring Report refers to the second control year (2024–2025), with removals calculated and reported in accordance with the PDD project ID CSBG-BG-S and the CSBG-AGRI methodology (v3.1/22.08.2025).

Reference: Validation under PDD project ID: CSBG-22/27- AGRI, version 1.3, Validation Report CS.VAL.24.11/ 03-October-2024. Verified credits from the first control year were issued under BCCR ID BCCR-00005- CSBG-41SW-22/27-AGRI-0006

IV.2.2. Project activity data: ZP NASTYA STOYANOVA YOTINA № CSBG-41SW-22/27-AGRI-0007

№	Description	Details
1.	The agricultural holding is located in the Southwestern region of Bulgaria, in the villages of Mirkovo and Smolsko, Mirkovo Municipality, Sofia Province. During the reporting period, the farm cultivated the following crops: fallow land, onions, sunflowers, and wheat.	The agricultural holding is registered in the Register of Farmers at the Ministry of Agriculture with the Agricultural producers code 273367. The agricultural holding is registered in the Commercial Register at the Registry Agency with the UIC 179637785.
2.	Monitoring report from on-site inspection - general assessment, conclusions and recommendations. 25.01.29-PR0107-Monitoring report from on-the-spot inspection_v1_22.06.23_ZP NASTYA STOYANOVA YOTINA	The farm partially implements the agricultural practices outlined in its individual strategy. Efforts should be directed toward increasing the amount of plant residues used for mulching. More aggressive soil tillage operations should be scheduled as close as possible to the establishment of the new crop. It is recommended to work toward ensuring year-round soil cover on the areas participating in the program by using annual crops (intermediate and/or cover crops). The use of organic fertilizers, soil amendments, and biostimulants is recommended to improve soil health and fertility.
3.	Annual/Periodic Report year of the project 2nd and calendar year 24/25 - General evaluation, conclusions and recommendations. 25.06.11-PR0211-Annual_Periodic Report_v2_22.10.24_ZP NASTYA STOYANOVA YOTINA	1. The farm has the potential to continue implementing the project. 2. The farm is subject to monitoring for the next reporting period. 3. The farm is not subject to the issuance of credits for the current reporting period. 4. The farm has 6 plots, and the agronomic recommendations for all plots are to be provided after the harvest, upon the client's request.

IV.3.2. Project activity data: ZP BORIS EMILOV YOTIN N° CSBG-41SW-22/27-AGRI-0008

N°	Description	Details
1.	The agricultural holding is located in the Southwestern region of Bulgaria, in the villages of Benkovski, Kamenitsa, and Mirkovo, Mirkovo Municipality, Sofia Province. During the reporting period, the farm cultivated the following crops: alfalfa, wheat, onions, pastures, fallow land, sunflowers, barley and rye.	The agricultural holding is registered in the Register of Farmers at the Ministry of Agriculture with the Agricultural producers code 58281. The agricultural holding is registered in the Commercial Register at the Registry Agency with the UIC 179643717.
2.	Monitoring report from on-site inspection - general assessment, conclusions and recommendations. 25.01.29-PR0107-Monitoring report from on-the-spot inspection_v1_22.06.23_ZP BORIS EMILOV YOTIN	Efforts should be directed toward increasing the amount of plant residues used for mulching. More aggressive soil tillage operations should be scheduled as close as possible to the establishment of the new crop. It is recommended to work toward ensuring year-round soil cover on the areas participating in the program by using annual crops (intermediate and/or cover crops). The use of organic fertilizers, soil amendments, and biostimulants is recommended to improve soil health and fertility. The overall assessment is that the farm follows the practices prescribed in the individual strategy, with some exceptions.
3.	Annual/Periodic Report year of the project 2nd and calendar year 24/25 - General evaluation, conclusions and recommendations. 25.06.11-PR0211-Annual_Periodic Report_v2_22.10.24_ZP BORIS EMILOV YOTIN	1. The farm has the potential to continue implementing the project. 2. The farm is subject to monitoring for the next reporting period. 3. The farm is subject to the issuance of credits for the current reporting period. 4. The farm has 23 plots, of which agronomic recommendations have

		been issued for 5 plots. For the remaining 18 plots, the agronomic recommendations are to be provided after the harvest, upon the client's request.
4.	Photo material of participating areas - software	
5.	Screenshots from specialized software ISACO2 – areas 2023/2024	
6.	 The screenshot displays the ISACO2 software interface. On the left, a dashboard shows a circular progress indicator for 'Обща площ: 2 287 ha'. Below it, a line graph plots 'CO2 emissions' (kg/ha) against 'Date' (2023-10-01 to 2024-05-08). The graph shows a significant peak in emissions around mid-2023. To the right of the graph is a map of agricultural plots, with various locations labeled in Bulgarian, including 'Murgashka', 'St. George chapel', and 'St. George chapel'. The interface includes filters for 'Парцели' (Plots) and 'Филтри' (Filters).

N°	Description	Details
1.	The agricultural holding is located in the Southeastern region of Bulgaria, the village of Izgrev, the town of Elhovo, the village of Malomirovo and the village of Chernozem, the municipality of Elhovo, the Yambol region. During the reporting period, the holding grew the following crops: coriander, soft wheat - winter and sunflower.	The agricultural holding is registered in the Register of Farmers at the Ministry of Agriculture with the Agricultural producers code 2772 The agricultural holding is registered in the Commercial Register at the Registry Agency with the UIC 128059984
2.	Monitoring report from on-site inspection - general assessment, conclusions and recommendations. 24.10.14-PR0107-Monitoring report from on-the-spot inspection_v1_22.06.23_INSEKTA-2000 OOD	The agricultural practices set out in the individual strategy are implemented on the areas participating in the program. The farm has the opportunity to supplement the practices. It is recommended to work towards ensuring year-round soil cover on the areas participating in the program with annual crops (intermediate and/or cover crops). The use of organic fertilizers, soil improvers and biostimulants is recommended in order to improve soil health and fertility.
3.	Annual/periodic report for the first year of the project - general assessment, conclusions and recommendations. 25.05.05-PR0211-Annual_Periodic Report_v2_22.10.24_INSEKTA-2000 OOD	1. The farm has the potential to continue implementing the project. 2. The farm is subject to monitoring for the next reporting period. 3. The farm is subject to the issuance of credits for the current reporting period.

VII.1.2. Project activity data: SORTOVI SEMENA-BURGAS OOD № CSBG-34SE-22/27-AGRI-0016

Nº	Description	Details
1.	The agricultural holding is located in the Southeastern region of Bulgaria. village of Kameno and the city of Burgas, municipality of Burgas, Burgas region. The holding during the reporting period grew the crops Barley, wheat.	The agricultural holding is registered in the Register of Farmers at the Ministry of Agriculture with the Agricultural producers code 239 The agricultural holding is registered in the Commercial Register at the Registry Agency with the UIC 102116353
2.	Monitoring report from on-site inspection - general assessment, conclusions and recommendations. 24.11.29-PR0107-Monitoring report from on-the-spot inspection_v1_22.06.23_SORTOVI SEMENA BURGAS OOD	The agricultural practices set out in the individual strategy are implemented on the areas participating in the program. The farm has the opportunity to supplement the practices. It is recommended to work towards ensuring year-round soil cover on the areas participating in the program with annual crops (intermediate and/or cover crops). The use of organic fertilizers, soil improvers and biostimulants is recommended in order to improve soil health and fertility.
3.	Annual/periodic report for the first year of the project - general assessment, conclusions and recommendations. 25.05.12-PR0211-Annual_Periodic Report_v2_22.10.24_SORTOVI SEMENA BURGAS OOD	1. The farm has the potential to continue implementing the project. 2. The farm is subject to monitoring for the next reporting period. 3. The farm is subject to the issuance of credits for the current reporting period.

VIII.2.2. Project activity data: AGRARIKA 2022 EOOD N° CSBG-34SE-23/28-AGRI-0001

N°	Description	Details
1.	The agricultural holding is located in the Southeastern region of Bulgaria, in the villages of Veselie, Novo Panicherevo, Primorsko, and Yasna Polyana, Burgas Municipality, Burgas Region. During the reporting period, the holding grew the following crops: Winter Barley, Sunflower, Sorghum, Durum Wheat, and Grain Corn.	The agricultural holding is registered in the Register of Farmers at the Ministry of Agriculture with the AGRICULTURAL PRODUCER CODE 338879 The agricultural holding is registered in the Commercial Register at the Registry Agency with the UIC 206819706
2.	Monitoring report from on-site inspection - general assessment, conclusions and recommendations. 24.12.17-PR0107-Monitoring report from on-the-spot inspection_v1_22.06.23_AGRARIKA 2022 EOOD	The agricultural practices set out in the individual strategy are implemented on the areas participating in the program. The farm has the opportunity to supplement the practices. It is recommended to work towards ensuring year-round soil cover on the areas participating in the program with annual crops (intermediate and/or cover crops). The use of organic fertilizers, soil improvers and biostimulants is recommended in order to improve soil health and fertility.
3.	Annual/periodic report for the first year of the project - general assessment, conclusions and recommendations. 25.06.11-PR0211-Annual_Periodic Report_v2_22.10.24_AGRARIKA 2022 EOOD	1. The farm has the potential to continue implementing the project. 2. The farm is subject to monitoring for the next reporting period. 3. The farm is subject to the issuance of credits for the current reporting period. 4. The farm has 24 cells, of which 4 cells have not been sampled due to terrain features - difficult accessibility and high rainfall. Currently, the sown crops are at a very advanced stage of development and the client does not allow sampling, which is why the same will be carried

		out after harvest. These 4 cells will be reported for the next reporting period. Agronomic recommendations have been issued for 9 cells. Agronomic recommendations for 11 cells remain for after harvest at the client's request.

VIII.3.2. Project activity data: AGRIINK EOOD N° CSBG-34SE-23/28-AGRI-0002

N°	Description	Details
1.	The agricultural holding is located in the Southeastern region of Bulgaria, village of Ravna Gora, village of Tvarditsa, village of Chernomorets, municipality of Burgas, region of Burgas. During the reporting period, the holding grew the following crops: winter barley, sunflower, durum wheat, coriander	The agricultural holding is registered in the Register of Farmers at the Ministry of Agriculture with the Agricultural Producer code 338879 The agricultural holding is registered in the Commercial Register at the Registry Agency with the UIC 206975121
2.	Monitoring report from on-site inspection - general assessment, conclusions and recommendations. 24.12.17-PR0107-Monitoring report from on-the-spot inspection_v1_22.06.23_AGRIINK EOOD	The agricultural practices set out in the individual strategy are implemented on the areas participating in the program. The farm has the opportunity to supplement the practices. It is recommended to work towards ensuring year-round soil cover on the areas participating in the program with annual crops (intermediate and/or cover crops). The use of organic fertilizers, soil improvers and biostimulants is recommended in order to improve soil health and fertility.
3.	Annual/periodic report for the first year of the project - general assessment, conclusions and recommendations. 25.06.11-PR0211-Annual_Periodic Report_v2_22.10.24_AGRIINK EOOD	1. The farm has the potential to continue implementing the project. 2. The farm is subject to monitoring for the next reporting period. 3. 7The farm is subject to the issuance of credits for the current reporting period.

Кратки коментари въз основа на получените резултати

Дълбочина, см: 0-30 Преобладаващата почвена реакция е слабо алкална

Дълбочина, см: 30-60 Преобладаващата почвена реакция е умерено алкална

Дълбочина, см: 60-90 Преобладаващата почвена реакция е умерено алкална

Дълбочина, см: 0-30 Преобладаващият запас на усвоим фосфор е нисък

Дълбочина, см: 0-30 Преобладаващият запас на обменен калий е много висок

11. Screenshots from specialized software ISACO2 – sample of a trace from sampling 2024/2025
